COLOR AVAILABILITY MAP

COLOR DISCLAIMER

As color experts, we know getting the shingle color right is a big part of any roofing purchase. Due to printing color variations, in addition to viewing shingle literature, we suggest you request an actual shingle sample to see how it will appear on your home and with your home's exterior elements in various natural lighting conditions. Lastly, we recommend you verify your color choice by seeing it installed on an actual home; your roofing contractor or supplier can provide a sample and may be able to direct you to a local installation.

POWER™

THERE'S A LINE BETWEEN A GOOD SHINGLE AND A GREAT SHINGLE.[®]

It's the nailing line on your shingles. The difference between a good shingle and a great shingle is having Patented SureNail[®] Technology, only from Owens Corning.

1

Excellent Adhesive Power

Helps keep the shingle layers laminated.

2

Breakthrough Design

Patented SureNail[®] Technology is the first and only reinforced nailing zone on the face of the shingle.

4

Triple Layer Protection^{®+}

A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, providing increased protection against "nail pull" from the wind.

"No Guess" Wide Nailing Zone

This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see, strong, durable fastener zone.

Double the Common Bond SureNail[®]

features up to a 200% wider bond between the shingle layers in the nailing zone over standard shingles.

3

Outstanding Grip

The SureNail[®] strip enhances the already amazing grip of our proprietary Tru-Bond^{®**} sealant for exceptional wind resistance of a 130-MPH wind warranty.

TOTAL PROTECTION SIMPLIFIED®

It takes more than just shingles to protect a home. It takes an integrated system of components and layers designed to perform in three critical areas. The Owens Corning® Total Protection Roofing System® gives you the assurance that all of your Owens Corning® roofing components are working together to help increase the performance of your roof.

REGISTER YOUR WARRANTY

Registering your Owens Corning® warranty ensures it's easily referenced should you ever need to access it. The process is easy—just have your installation date, shingle type, shingle color and number of squares ready. Then go online to www.owenscorning.com/roofingstandardwarranty or call 1-800-ROOFING (1-800-766-3464) to finish the process.
